

# 2021 SKAGIT COUNTY FERRY SYSTEM PERFORMANCE

## Runs & reliability

In 2021, the Skagit County ferry system was scheduled to make 16,972 runs between Anacortes and Guemes Island. The ferry system completed 16,808 scheduled runs — or 99.03 percent.

### 2021 SCHEDULED RUNS

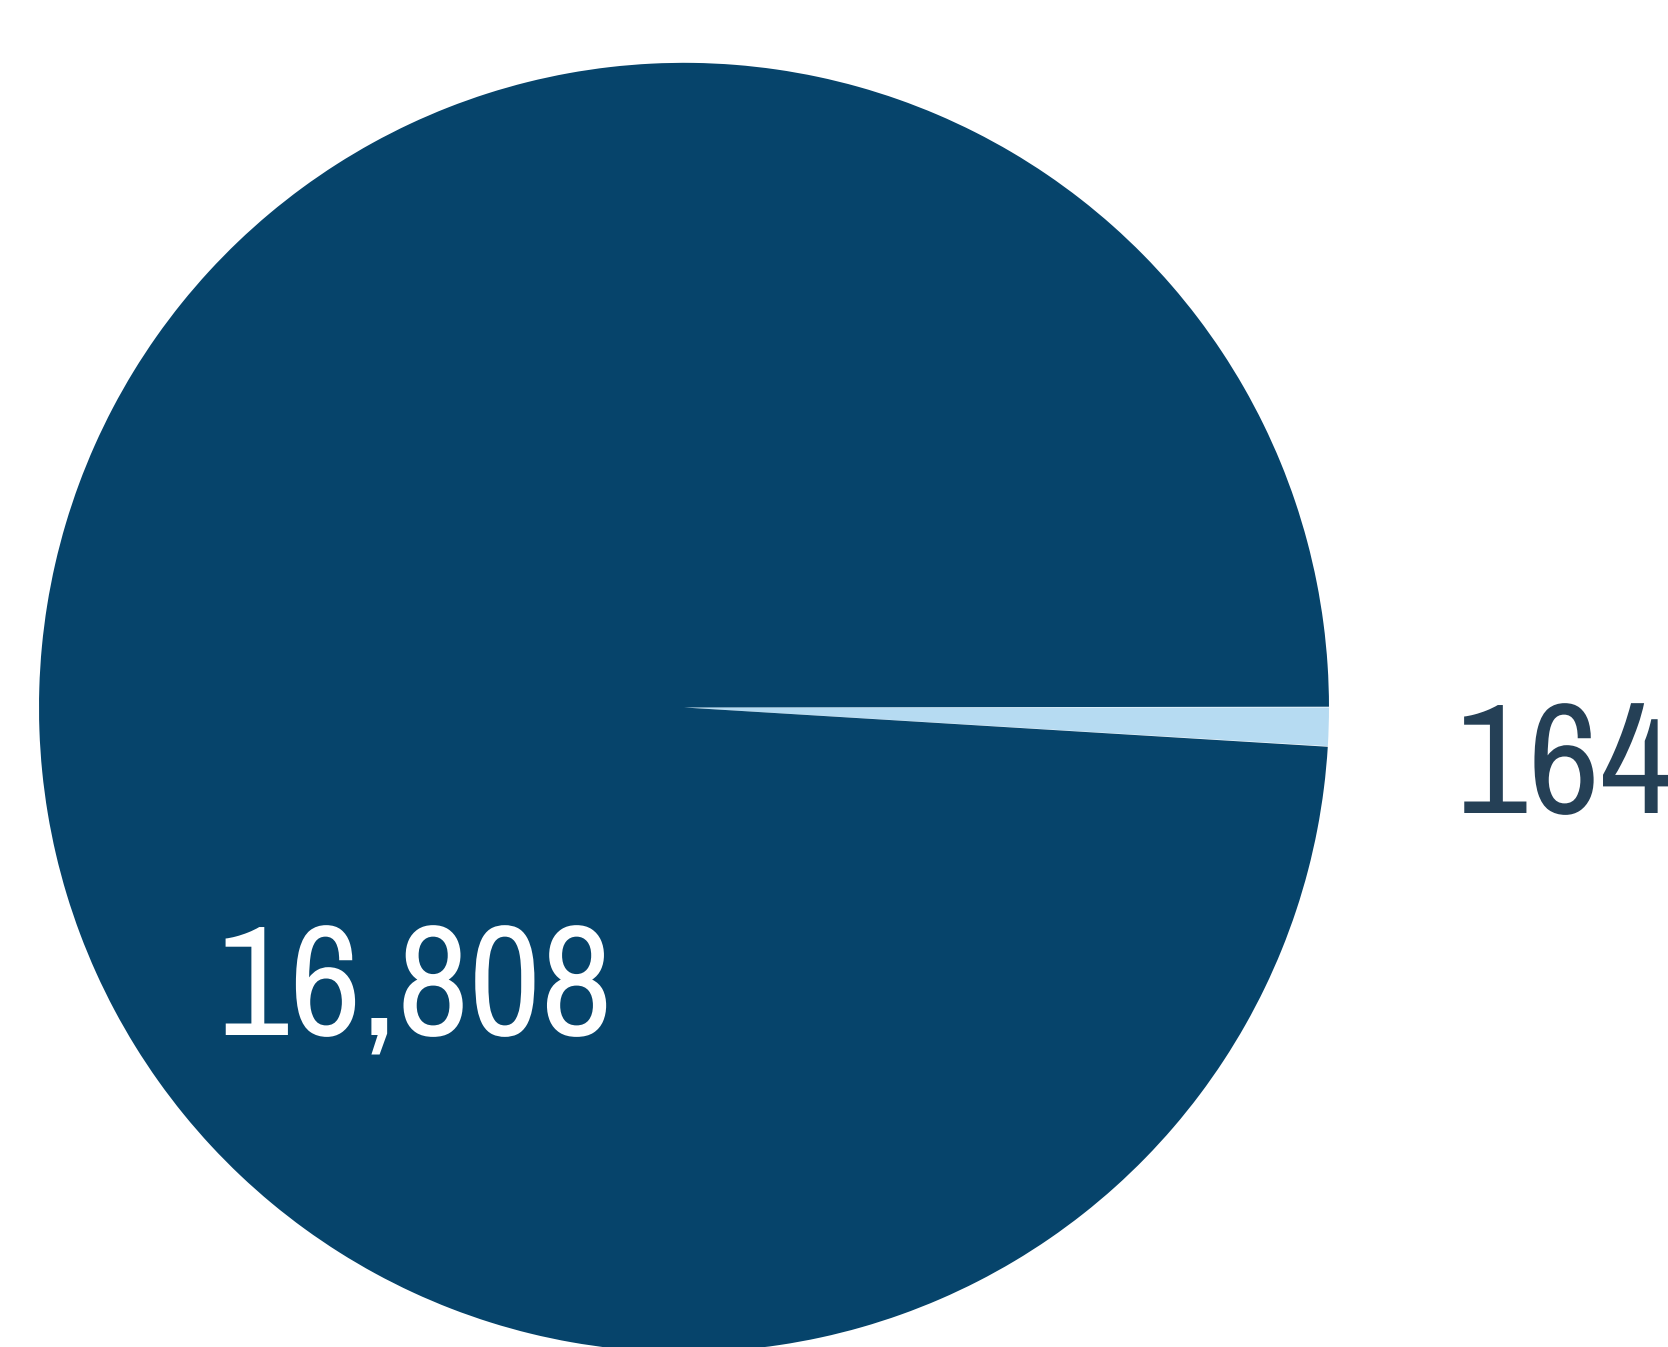

16,972 runs scheduled

16,808 scheduled runs completed\*

**99.03%**  
reliability rating

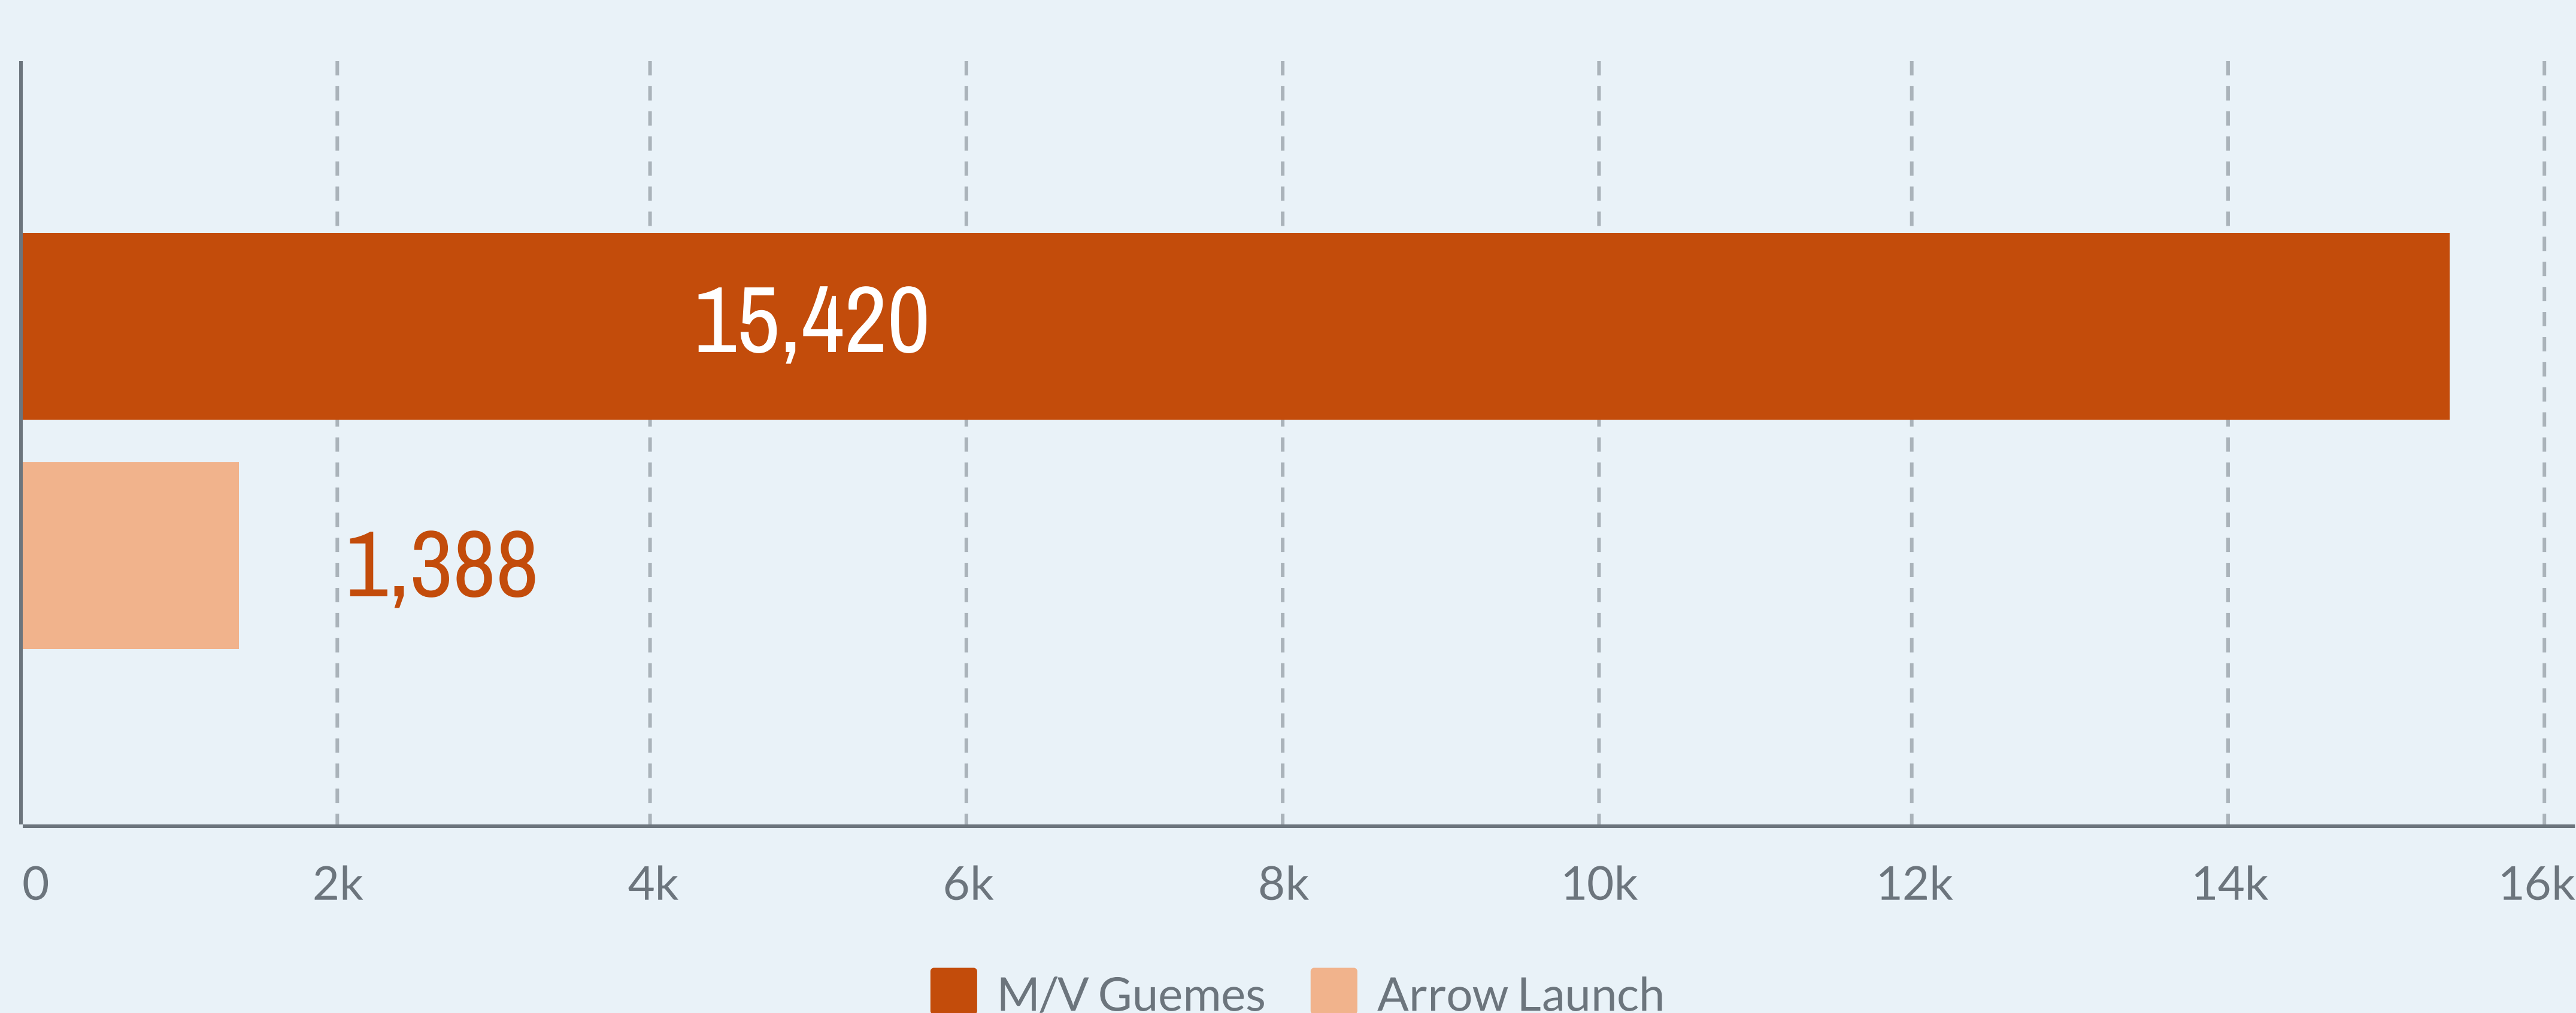

\* Scheduled runs completed by the M/V Guemes and passenger vessel. Scheduled runs do not include double runs or extra runs.

### SCHEDULED COMPLETED RUNS VS. MISSED RUNS

Missed runs due to severe weather, mechanical issues, emergencies, etc.

### SCHEDULED COMPLETED RUNS BY CAR FERRY VS. PASSENGER-ONLY SERVICE

# 2021 SKAGIT COUNTY FERRY SYSTEM PERFORMANCE

## Total runs

In addition to scheduled completed runs, the ferry system completed 516 additional runs in 2021.

16,808

Scheduled Runs

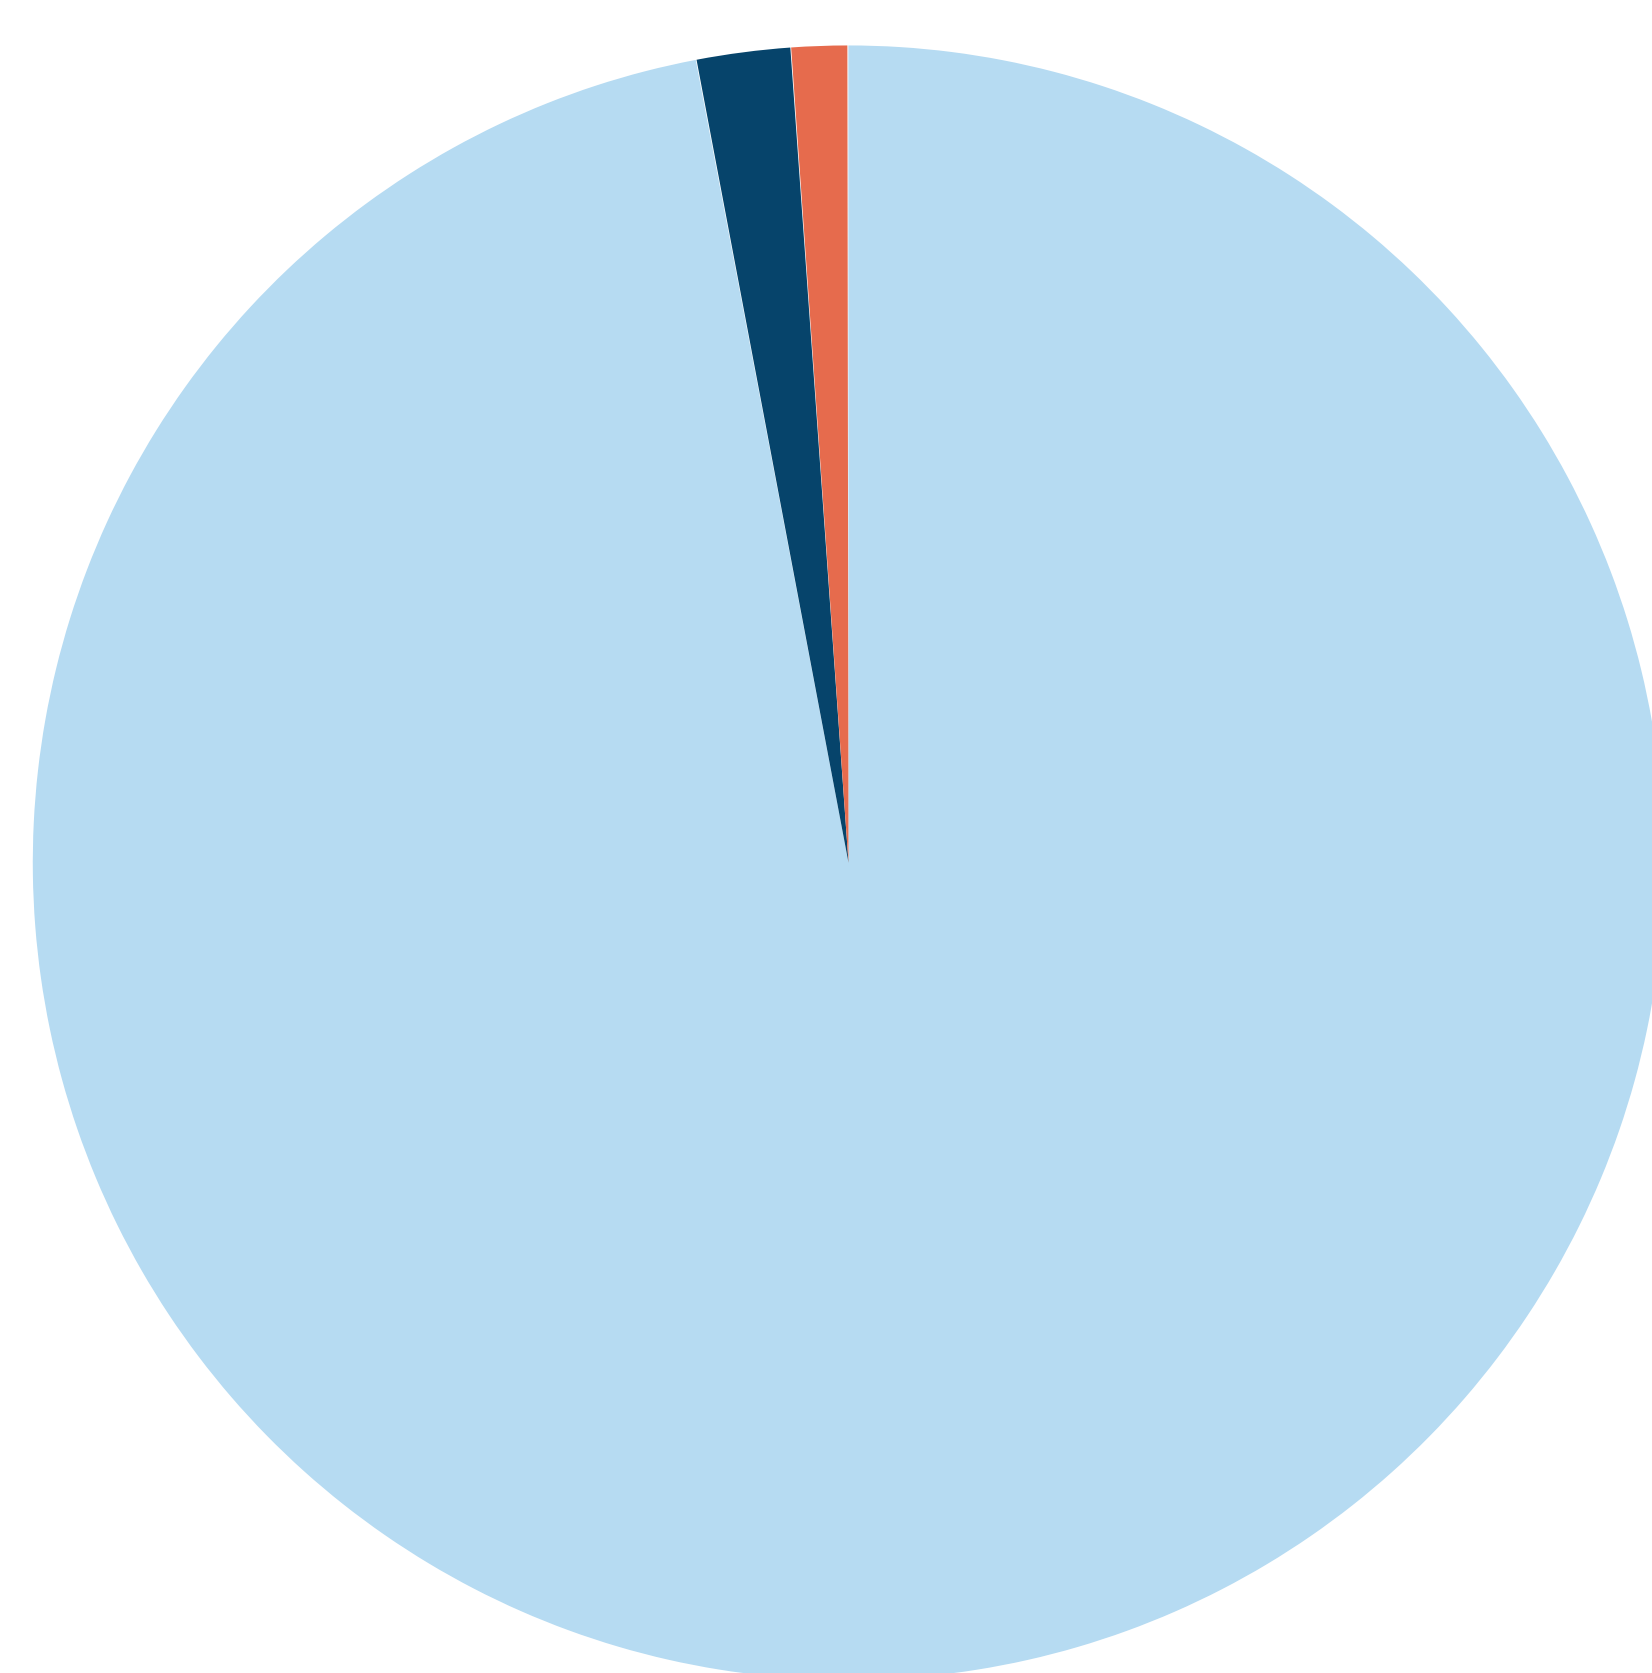

322

Double Runs

194

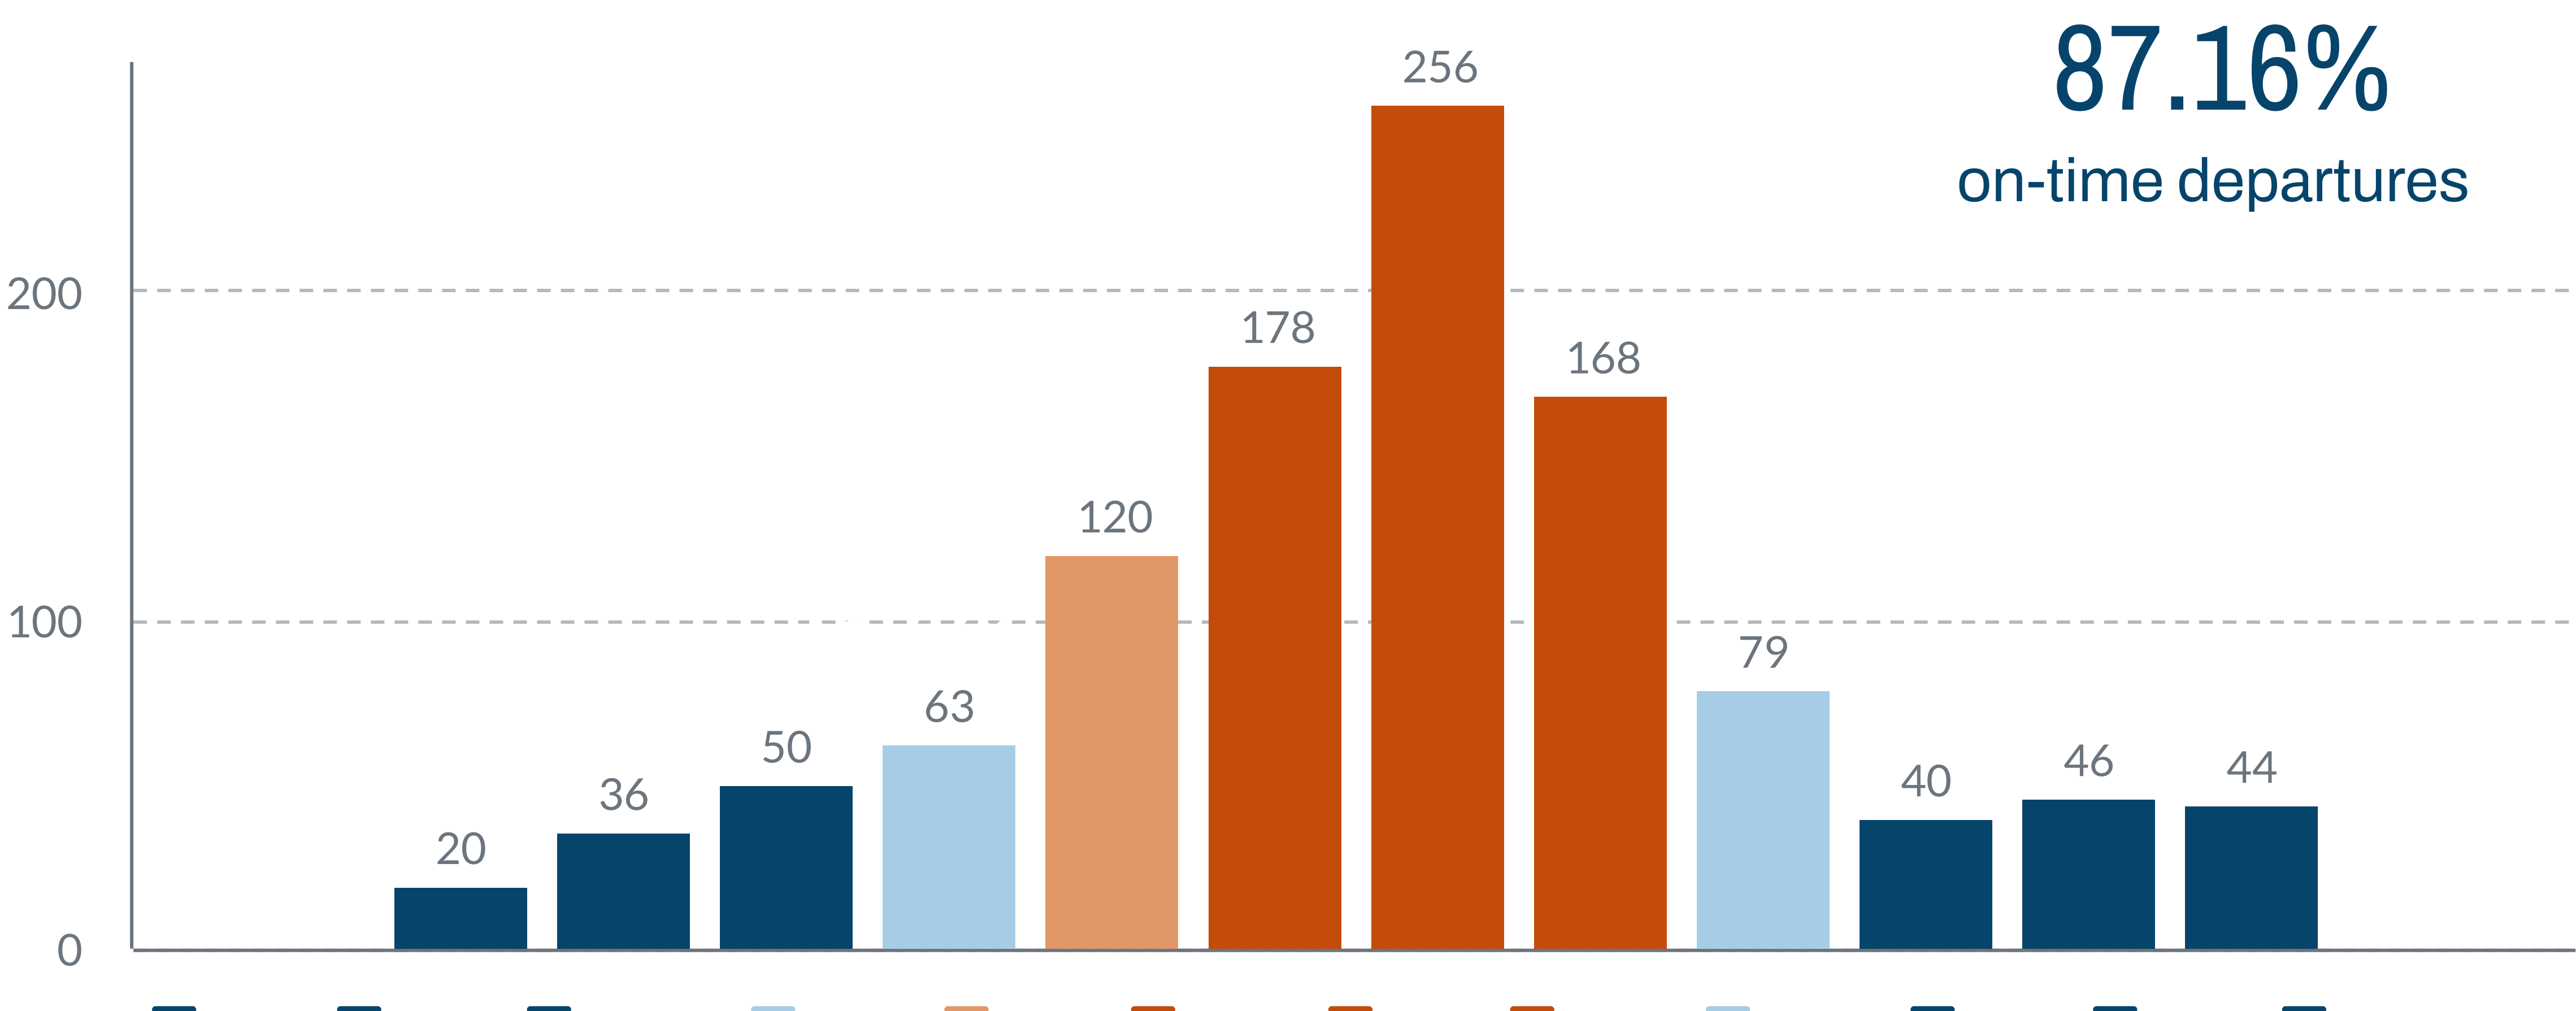

Other/Extra Runs\*

**17,324** TOTAL RUNS

\* Other/extra includes Public Works runs for construction, medical or police runs, and after-hours runs.

## On-time performance

**87.16%**  
on-time departures

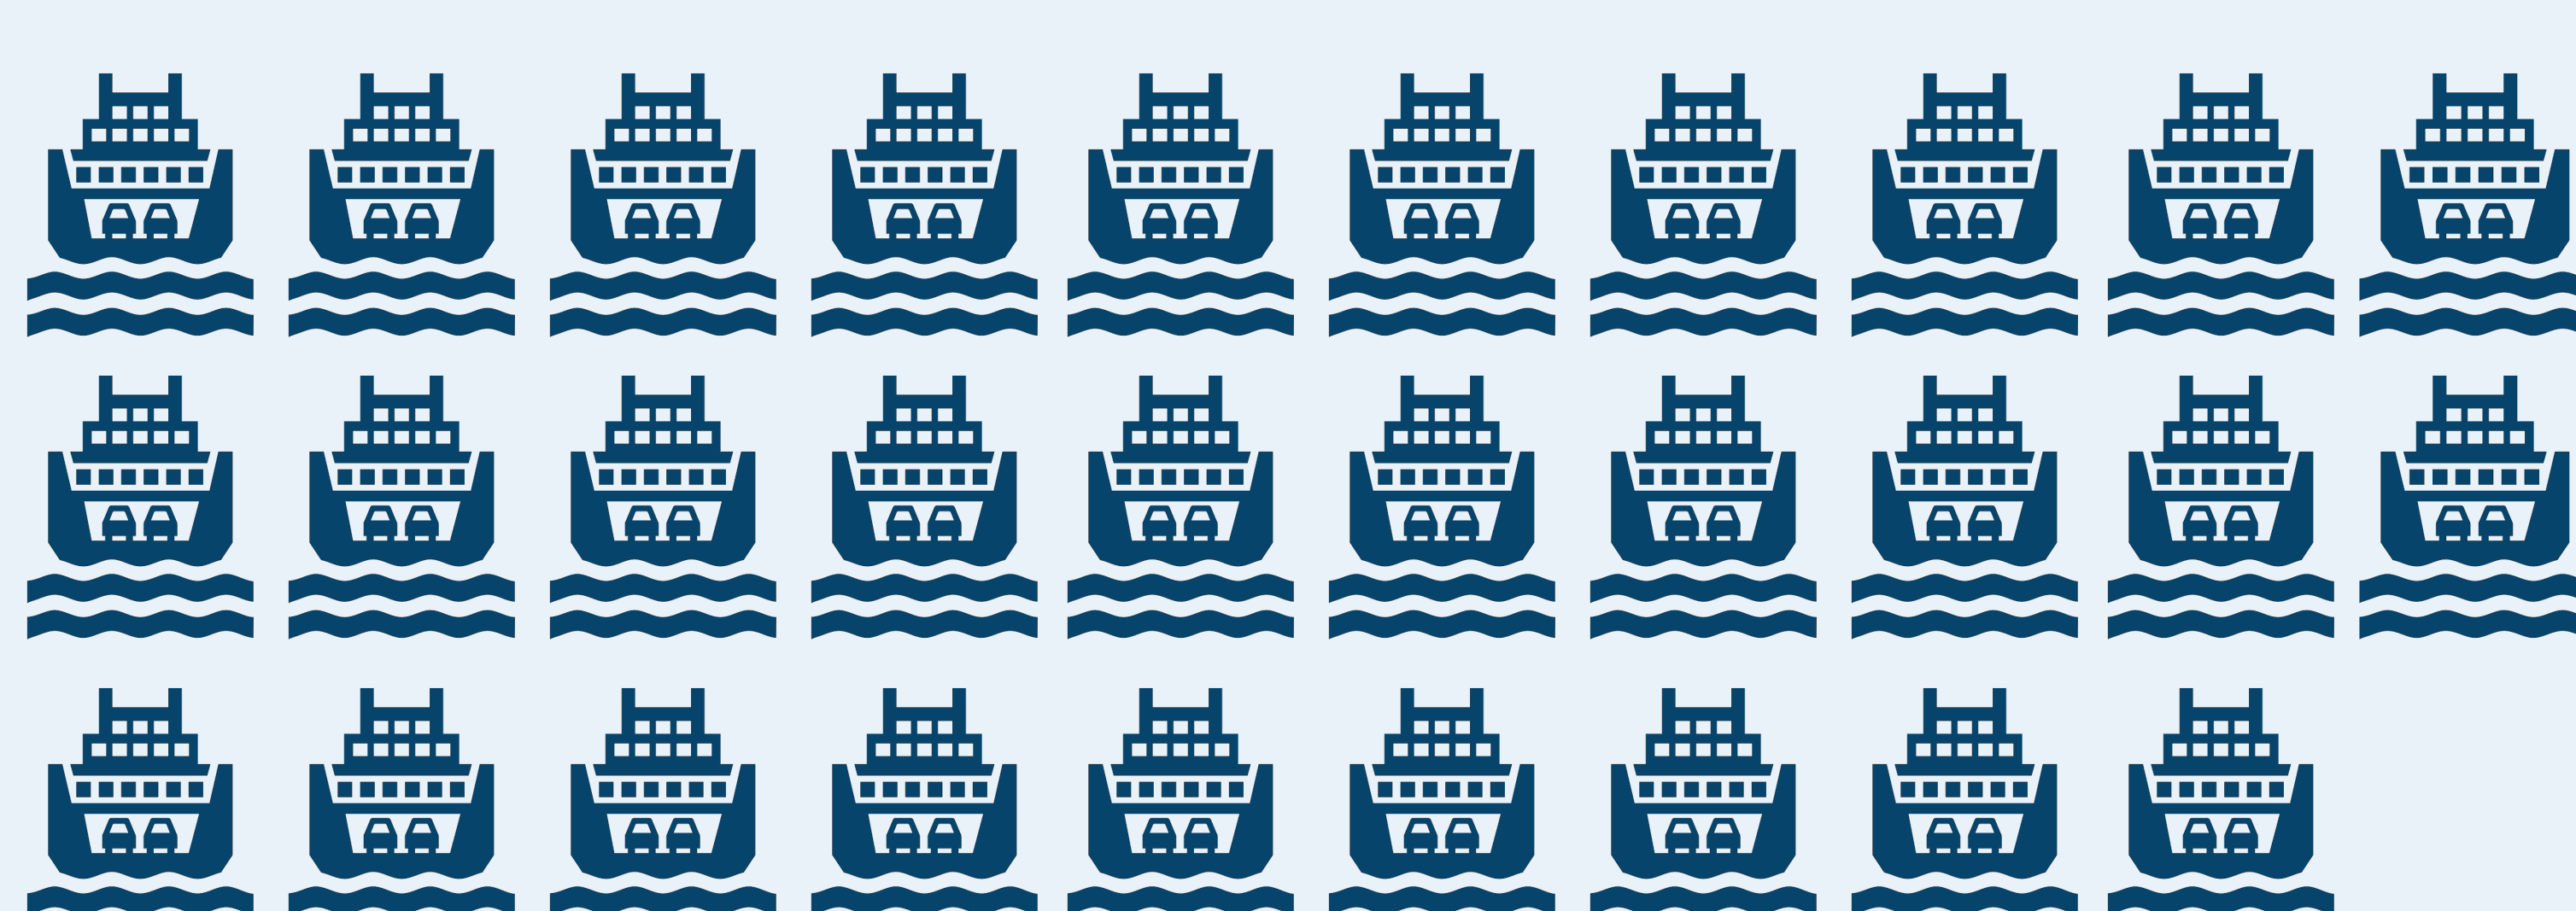

50 or fewer late departures\* | 51 to 100 | 101 to 150 | 151 or more

\* Late departures: Any run that departs Anacortes more than 2 minutes after the scheduled departure time. Late departures include impacts from medical runs, mechanical issues, weather-related delays, or other unplanned incidents. Only Anacortes departures count as late because Guemes departures have no set departure time.

## Scheduled service outages

The M/V Guemes was out of service for 29 days in May and June, 2021, for its haul-out and maintenance period. The vessel Arrow Launch provided passenger-only service.

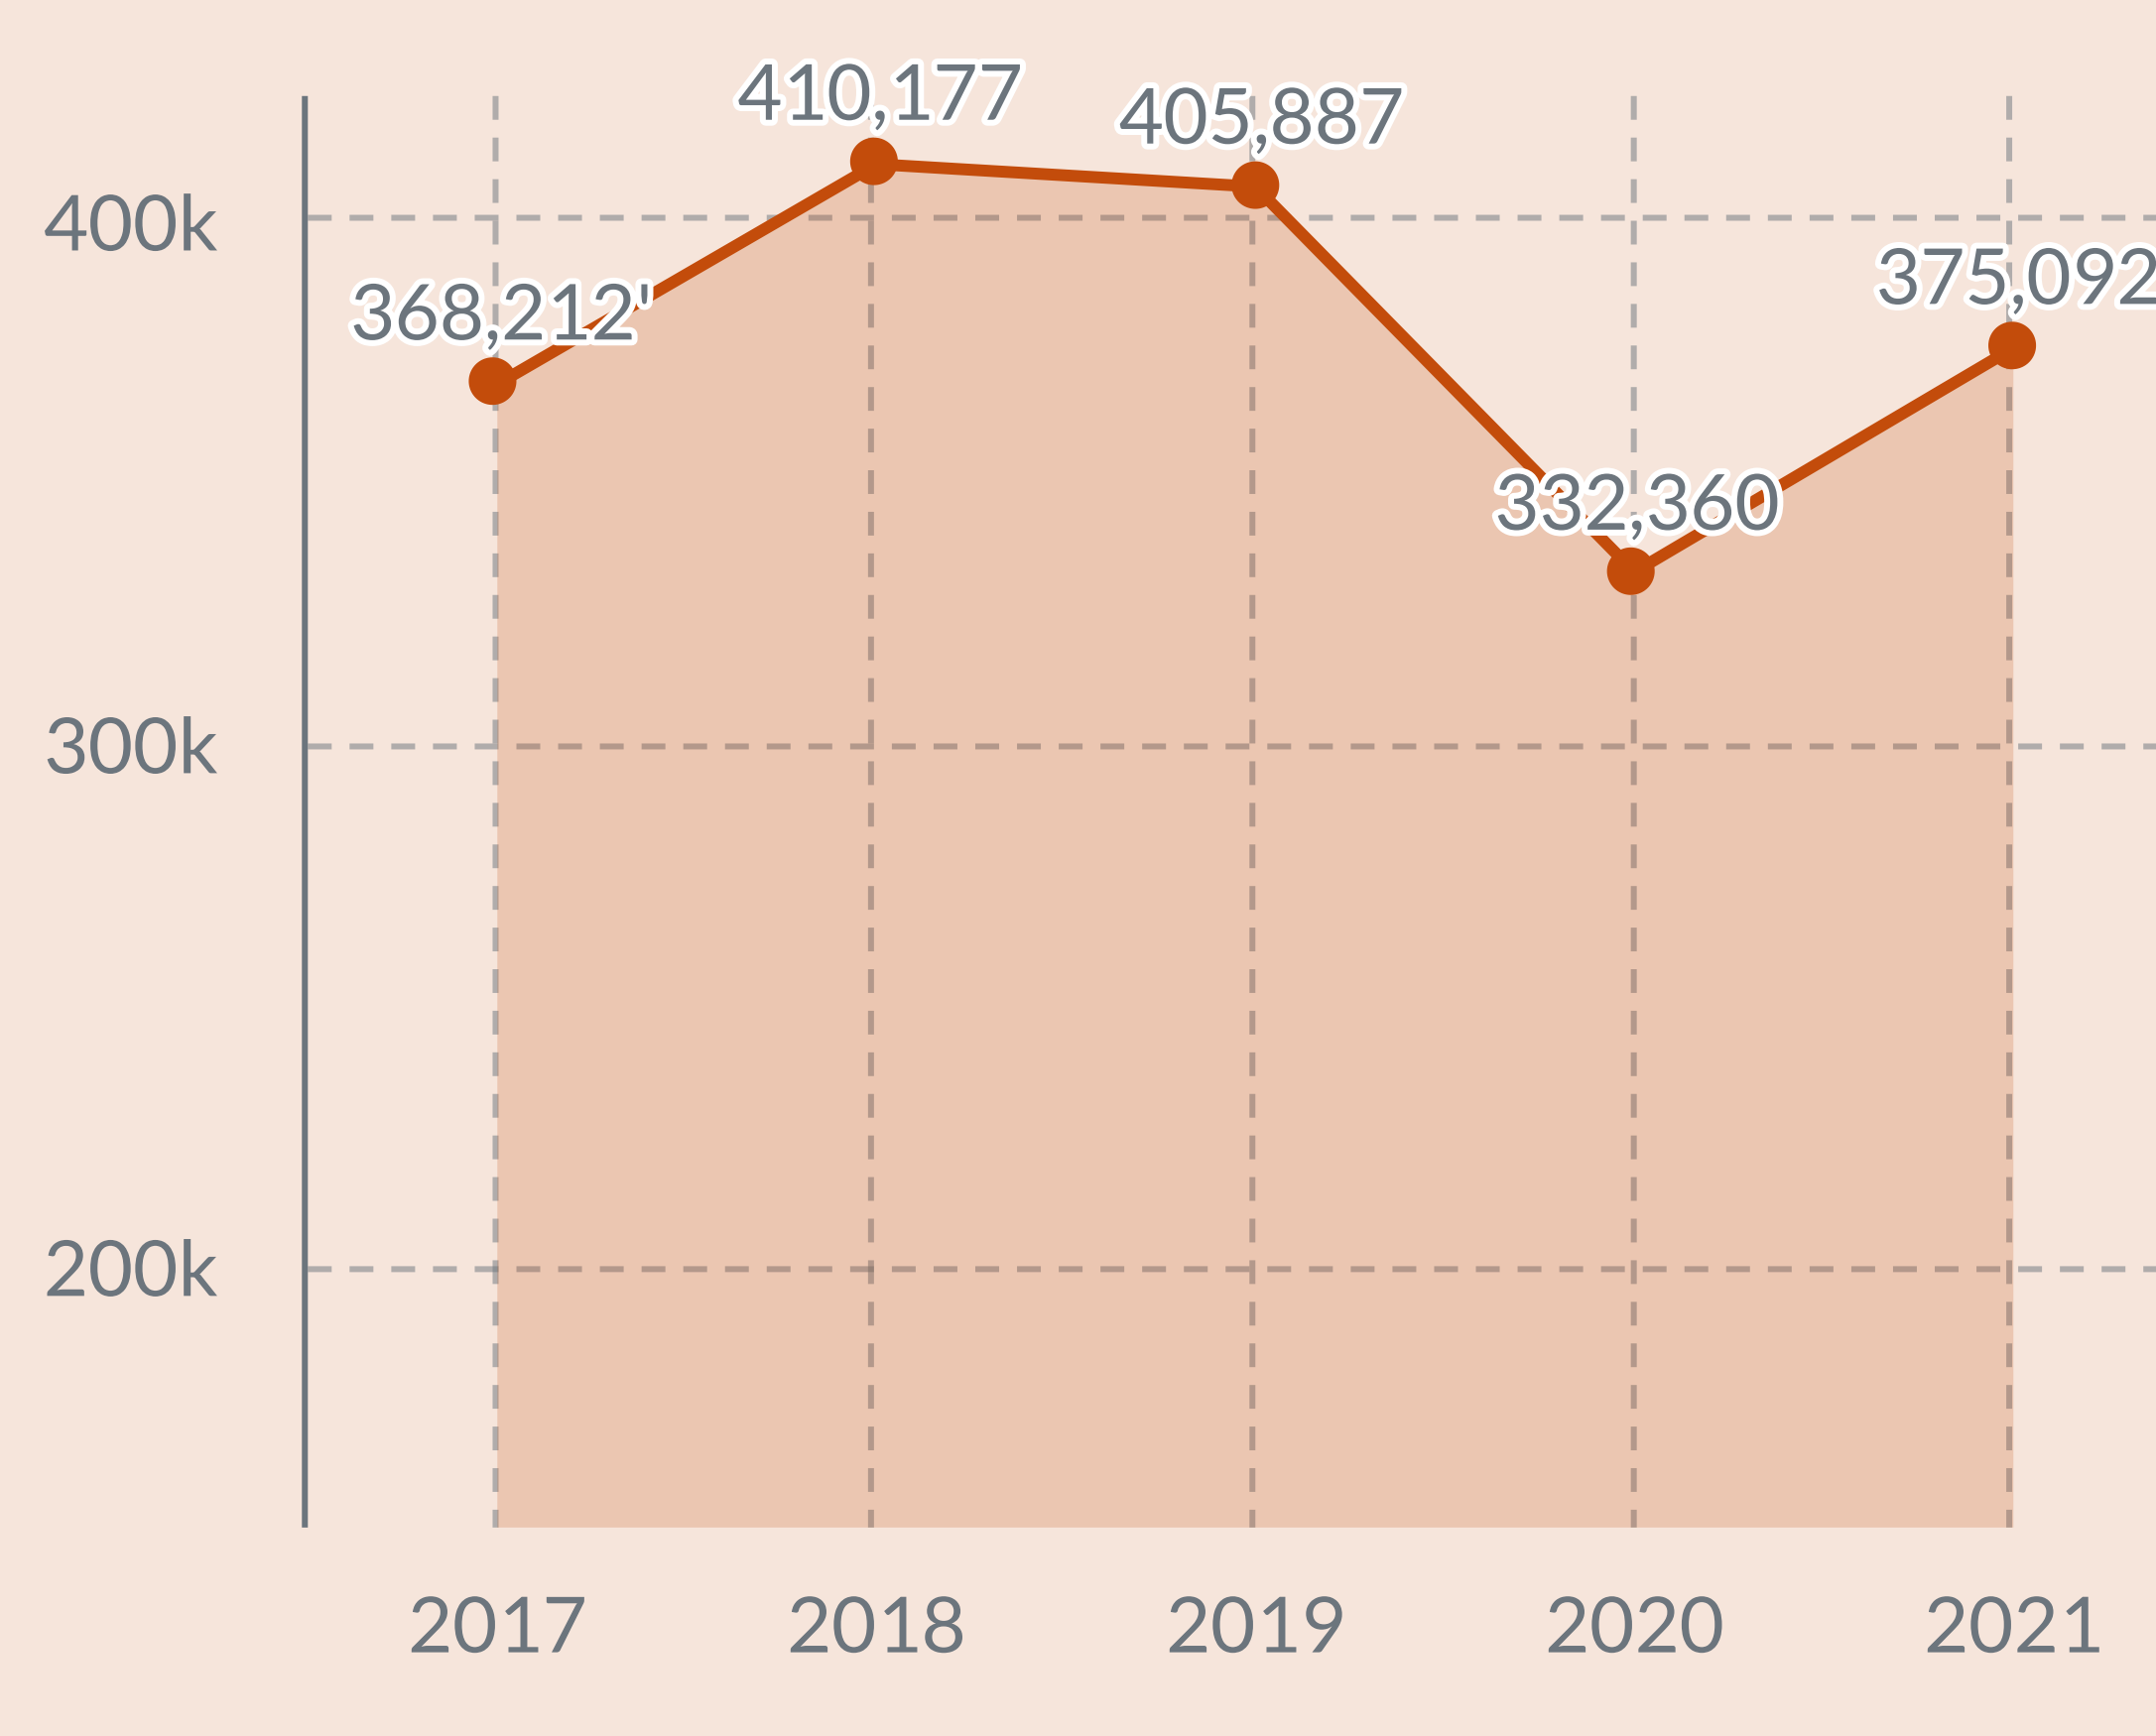

**29**  
Days for haul-out and scheduled maintenance

## Ridership

**179,983** total vehicles in 2021

**375,092** total passengers in 2021\*

\* 21,496 carried by Arrow Launch

NOTE: Vehicle ridership was low in 2017, 2019, & 2021 due to scheduled haul-outs; low passenger ridership in 2020 was due to COVID restrictions.
