Virtual Community Meeting Reschedule to January 28th

The virtual community meeting originally scheduled for December 15th has been rescheduled to Wednesday, January 28th, from 6:00 p.m. to 7:30 p.m. We appreciate your understanding and patience as we needed to cancel the meeting in December due to the flood response efforts. We had nearly 200 county employees, including a significant portion of the Public Works Department, working in the emergency operations center, which meant we unfortunately did not have the capacity to host a public meeting during that time.

The rescheduled community meeting will be held over Zoom, and we will send out a link for the meeting closer to the date of the event. Public Works staff will share a presentation on the upcoming work planned for the ferry in 2026, including updates on the ferry replacement project, proposed changes for the ferry parking lot, shoreline permit application, and more! After the presentation, the remaining time will be reserved for Q&A with attendees.

We hope to see you all on January 28th!
