

SudSafe

Protect our streams and rivers!
SudSafe removes pollutants BEFORE they reach our streams.

Kit
Contents

• Place tub into catch basin

• Set up safety cones

• Attach hose

Adult Supervision
Recommended

- Use metal hook to remove catch basin grate
- Place the hook between the grates
- Lift and slide the grate away from the catch basin (Use caution as the grate is heavy)

• Attach cord

• Place pump into tub

• Drain hose into sewer, sink, or ground area

• Make sure sump is operating

Enjoy your carwash!
