

GENERAL INFORMATION

PROJECT TITLE

Transfer Station Tire Collection Services

DESCRIPTION OF SERVICES

Skagit County Public Works is interested in obtaining services from qualified service providers for the transportation and processing of recyclable rubber products including but not limited to automobile tires, motorcycle tires, truck tires, other vehicle and machinery tires, rubber belting, rubber flaps, and inner tubes collected at the Skagit County Transfer Station.

BACKGROUND

Skagit County Public Works (County) currently operates the Skagit County Transfer and Recycling Station (Transfer Station), located at 14104 Ovenell Road, Mount Vernon, WA. In 2020, 163 tons of tires were collected at the transfer station.

SITE INFORMATION

The Transfer Station handles the bulk of tires generated in Skagit County through drop-off by self-haul customers. Customers are limited on the number of tires per load to be disposed.

The Transfer Station is open to the general public seven (7) days a week, Monday through Sunday, from 8:30 am to 6:00 pm, except for New Year's Day, Easter Sunday, July 4th, Labor Day, Thanksgiving Day, and Christmas Day.

In 2020, 163 tons of tires were collected, the majority were light truck/passenger car tires. The tire vendor made 19 trips to collect tires from the Transfer Station in 2020, with an average of 8.6 tons of tires per trip.

Tires collected from customers at the Transfer Station are gathered initially into a small hopper. Transfer Station staff then transfer the tires into a larger open-top transport trailer, provided by the current vendor, for transport. The open-top transport trailer provided by the vendor must be no longer than 30 feet.

Skagit County shall retain ownership of all recyclable materials until acceptance by the vendor, at which time ownership shall transfer to the vendor.

No guarantees of quantities of recyclable materials to be processed by the contract are expressed or implied. Materials tendered for recycling by the County shall be recycled in accordance with Washington State Department of Ecology regulations.

SCOPE

The County is soliciting a Request for Proposals for tire collection and disposal services. The following list is the anticipated tasks to be included in the project:

- Provide collection trailer – for transport and disposal, to remain onsite until filled
- On-call service to swap full collection trailer for an empty trailer, within 72 hours
- Proper disposal of all tires
- Timely and accurate invoicing of all services provided, along with documentation of disposal

A detailed service agreement will be negotiated with the successful candidate following notification from the County of contract award.

VOLUNTARY SITE VISIT

A voluntary site visit of the Transfer Station maybe be arranged during regular business hours. Directions to the Skagit County Transfer Station are provided in Exhibit A: Site Visit Information.
