BID PROPOSAL

For:

PUBLIC WORKS VEHICLE UPFITTING OF SHERIFF'S SWAT VAN

2025

SKAGIT COUNTY
DEPARTMENT OF PUBLIC WORKS

SKAGIT COUNTY Public Works Department 1800 Continental Place Mount Vernon, WA. 98273

PROPOSAL

Upfit of One (1) Skagit County Sheriff Department SWAT Van

BOARD OF SKAGIT COUNTY COMMISSIONERS 1800 CONTINENTAL PLACE MOUNT VERNON, WA. 98273

2025

All bid envelopes must be plainly marked on the outside, "Sealed Bid for Sheriff Department SWAT Van to be opened at 2:00 P.M., July 28, 2025."

Sealed bids will be received at the following location by one of the following delivery methods no later than **Monday**, **July 28**, **2025**, **at the hour of 2:00 p.m.** No late bid will be considered.

Bids may be hand deliver to: The Reception Desk of Skagit County Commissioners Office

located at 1800 Continental Place

Mount Vernon, WA 98273

or,

Bids may be mailed to: Skagit County Commissioners

1800 Continental Place

Mount Vernon, WA 98273-5625

The bid opening date for this project will be **Monday**, **July 28**, **2025**. The bids will be opened and read after **2:00 p.m.** on this date.

CONDITION OF AWARD:

It is the intent of Skagit County to award a contract to the lowest responsive and responsible bidder. All terms and conditions listed in the Contract Provisions and Specifications apply to this condition.

ENTIRE PROPOSAL TO BE RETURNED AS YOUR BID PACKAGE

FAILURE TO SIGN OR COMPLETE ALL INFORMATION CAN RESULT IN REJECTION OF THE PROPOSAL AS NON-RESPONSIVE.

PROPOSAL

BID DUE ON Monday, July 28, 2025, NO LATER THAN 2:00 p.m.

Having carefully examined all documents enclosed herein, the undersigned proposes to perform all work in strict compliance with all documents, for the amount set forth below.

- Bid form must be signed.
- Use ink and print legibly.
- Unit prices, when relevant, are mandatory and shall control.
- Initial and date any changes, erasures, or cross-outs.

This certifies that the undersigned has examined the entire bid proposal and contract provisions and specifications for the:

Upfit of ONE (1) Skagit County SWAT Van

and that the contract governing the work embraced in this work, and the method by which payment will be made for said work, is understood. The undersigned hereby proposes to undertake and complete the work, or as much thereof as can be completed with the money available in accordance with the said description of work and contract, and the following schedule of rates and prices:

(Note: Unit prices for all items, all extensions, and total amount of bid shall be shown. All entries must be typed or entered in ink.)

Bid Opening: July 28th at 2:00 P.M.

FAILURE TO SIGN OR COMPLETE ALL INFORMATION CAN RESULT IN REJECTION OF THE PROPOSAL AS NON-RESPONSIVE

FOR EVALUATION AND AWARD PURPOSES

The bidder is hereby advised that by signature of this proposal he/she is deemed to have acknowledged all requirements and signed all certificates contained herein.

The undersigned hereby agrees to pay labor not less than the prevailing rates of wages in accordance with the requirements of the special provisions for this project.

Upfit Specifications Check List

Name	Requirements / Specifications: Please fill in "Yes" or "No" for each item, add attachments as needed for clarification. Conforma Yes / N		
points for installation of all partitions, counters, cabinets, and boxes. Includes removal of cab area headliner to run all necessary lines and wing. B. INSULATION & LINING: 1" urethane spray-foam insulation in exterior walls and celling of Transit van, as space allows. No insulation sprayed in rear doors or side slider door. County will not accept batt insulation or any type of settling, absorbent type insulation. C. INTERIOR LINING WALL & CEILING: Full interior walls and celling of the Ford Transit cargo van to be lined in 14ga aluminum, pre-painted white. Rear doors and slider side doors do not need to be lined. All panelling is to be professionally installed by contractor using double-side tape or with removable fasteners and will follow the tapering contour of the Transit van interior. All interior lining must also include aluminum trim work between wall/ceiling joints. D. PARTITION: One (1) front partition, solid with no pass-though, mounted directly behind front seats to separate cab seating area from the cargo area. Tubular aluminum construction anchored to floor & ceiling, painted white to match interior lining with opening with sliding window. The right-side of the partition, near side slider door, to contain an area to house light switches, and firetruck style grab handle. On the front side of partition 2 county supplied rifle locks to be mounted. Location will be finalized during the preconstruction meeting. E. FLOORING: Subfloor shall be 3/4* plywood top coated with heavy duty spray on bed liner (black) applied by the contractor on the full floor of cargo area (from cab guard wall back), up the side walls to match the height of the wheel-wells and in the clinical stepwell area of the cursitode slider door. F. INTERIOR SHELVING, CABINETRY, COUNTERS AND WORKSPACE: All cabinetry, counters, shelves, and interior paneling shall be aluminum and painted white. All cabinetries must match the curvature of the van interior paneling shall be aluminum. All latches must be full-width (no single point		1007110

two (2) deep cycle Group 31 batteries to power the inverter and the cargo area's power functions (lighting, outlets, awning, inverter) The auxiliary batteries are to recharge through a charger system whenever the van is running and whenever the van is plugged into shore power.			
	two (2) deep cycle Group 31 batteries to power the inverter and the cargo area's power functions (lighting, outlets, awning, inverter) The auxiliary batteries are to recharge through a charger system whenever the van is running and whenever the van is plugged into shore power.		

One (1) master disconnect switch in cab, near driver seat cutting off all power from the two (2) auxiliary	
batteries and allows the house batteries to recharge whenever van engine is running and whenever shore	
power inlet is plugged in and being utilized.	
L. 12V ELECTRICAL BATTERY SEPARATOR AND CHARGER:	
Electrical system to include one (1) battery separator/isolator to prevent chassis batteries from being drawn	
down (SP-1314-200 or equivalent) and one (1) Battery Charger (Samlex SEC-1215UL or C-TEK 56-353 or	
equivalent). Both separator and charger shall be automatic, not requiring person interaction for operation.	
M. 110V ELECTRICAL INVERTER:	
One (1) 3,000W Xantrex Freedom series Inverter-Charger (model Freedom SW-3012 or equivalent) w/	
built-in charger & transfer switch. This unit will power up five (5) interior 110V outlets (See P).	
N. 110V ELECTRIC SHORE INLET:	-
A 15 Amp weatherproof shore power inlet (to bring shore power into the van from extension cord) shall be	
installed rearward of the driver door on the exterior. This will allow the auxiliary batteries to recharge each	
time the truck is parked and not being used. An automatic transfer switch shall be included with the shore	
inlet.	
O. 110V ELECTRICAL OUTLET:	
Five (5) 110V interior outlets, all with built-in USB charge Two (2) outlets shall be installed on the driver and passenger side of partition, and one (1) on passenger wall, and two (2) at rear of van. Locations will be	
finalized during preconstruction meeting.	
P. 12V ELECTRICAL INTERIOR LIGHTING:	
Five (5) interior LED cargo lights able to go from White to Red, 6" round shall be installed on van cargo	
ceiling. All lights are to be on one single switch located at the side slider door on the front partition. Lights	
are to be 2-position lights (Off-On) and switch from white to red. (Maxxima or Whelen or equivalent)	
Q. 12V ELECTRICAL SCENE LIGHTING:	
Supply & Install (4) exterior, 12VDC Whelen PELCC LED entry lights: 2 at rear doors of Van, 1 per each	
side of Van. Scene lights on 3 switches located at the side slider door on the front partition. Locations will	
be finalized during preconstruction meeting.	
R. PAINT	
Whenever paint is required on, but not limited to the following: all linings (walls & ceiling), paneling, custom	
cabinets, raw metal, countertops (countertops to be smooth finish), and storage boxes, are to be powder	
coated Ford oxford white (YZ), in the event an item is not able to be powder coated, Ford Oxford white (YZ)	
PPG acrylic gloss urethane paint will be accepted with prior authorization from Skagit County. The only	
exception is for the floor heavy duty spray on bedliner is black.	
S. DELIVERY:	
Delivery of completed van to Skagit County Public Works, 201 East Avon Ave. Burlington, WA 98233 with	-
weight slip.	
T. DESIGN DRAWING:	
All bidders may be asked to submit design drawings, AutoCAD is preferred by the county with bid

PROPOSAL MUST BE SIGNED

FAILURE TO SIGN OR COMPLETE ALL INFORMATION CAN RESULT IN REJECTION OF THE PROPOSAL AS NON-RESPONSIVE.

Failure to return this Declaration as part of the bid proposal package will make the bid nonresponsive and ineligible for award.

NON-COLLUSION DECLARATION

I, by signing the proposal, hereby declare, under penalty of perjury under the laws of the United States that the following statements are true and correct:

- 1. That the undersigned person(s), firm, association or corporation has (have) not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the project for which this proposal is submitted.
- 2. That by signing the signature page of this proposal, I am deemed to have signed and have agreed to the provisions of this declaration.

NOTICE TO ALL BIDDERS

To report bid rigging activities call:

1-800-424-9071

The U.S. Department of Transportation (USDOT) operates the above toll free 'hotline' Monday through Friday, 8:00 a.m. to 5:00 p.m., Eastern Standard Time. Anyone with knowledge of possible bid rigging, bidder collusion, or other fraudulent activities should use the 'hotline' to report such activities.

The 'hotline' is part of USDOT's continuing effort to identify and investigate highway construction fraud and abuse and is operated under the direction of the USDOT Inspector General. All information will be treated confidentially, and caller anonymity will be respected.
