

Septic System Maintenance & Repair Rebate Program Application

Available for on-site sewage system (OSS) maintenance and repair work done on or after February 1, 2024 through December 31, 2026, or until funding is depleted, whichever comes first.

Why would I need It? Routine maintenance of septic systems helps prevent system failures. Risers make the septic system easier to inspect later. Routine maintenance and repairs help protect public health and improve water quality.

OSS Operation and Maintenance Rebate Program

- Up to \$500 per property owner/parcel (within a 12-month period from date of last approved rebate):
 - Inspection – \$100
 - Pumping – \$100
 - New installation of lids & risers – up to \$200 (receipts required)
 - Lid replacement – up to \$50 each (max 4) (receipts required, *photos)
 - Minor repairs – up to \$200 (receipts required)
 - Minor repairs include pump, baffle, or d-box replacement, system control repairs, and filter installation or repair. See website for more details. www.skagitcounty.net/septic

Please Note: All services, excluding lid replacements completed by homeowners, must be completed by a Skagit County certified provider in order to qualify for the rebate. *Homeowner lid replacements require photo submission with application. Homeowner inspections and repairs do not qualify.

How it works

To qualify and receive your rebate you must:

- Own a residence in Skagit County (commercial properties are not eligible)
- Complete the free Septics 101 class/quiz online (**required** within 6 years of application)
 - View the online training at www.skagitcounty.net/forms/quizapp/
- Work must have been completed by a Skagit County certified provider (excluding homeowner lid replacements)
 - Provider list available online at www.skagitcounty.net/septic
- Submit the application and supporting documents to Skagit County Public Health
- Allow up to **two months** for rebates to be processed, checks will be sent to mailing address

This project has been funded wholly or in part by the United States Environmental Protection Agency under assistance agreement PC-01J89801 to the Washington State Department of Health. The contents of this document do not necessarily reflect the views and policies of the Environmental Protection Agency, nor does mention of trade names or commercial products constitute endorsement or recommendation for use.
